2020/21 Kindergarten Information

- We have decided to postpone the full on-line registration process and implement a registration packet ‘pick up/drop off’ process.
- Starting Monday, July 13th, you will need to come to the main office at Centre School to pick up a registration packet.
- Centre School will be open for this process Monday through Friday from 8:00 AM – 3:00 PM
- These packets are available in the front foyer for you to pick up and complete at home.
- Once you have completed all of the necessary paperwork AND have placed copies of your proof of residency, a copy of the child’s birth certificate, a copy of his/her shot records (immunization records), and a copy of his/her most recent physical exam -you can return the folder to the main office.
- If you are unable to come to school, please contact us and we will mail a registration packet to you.
- Once we have received your packet, we will review the materials you completed/provided and contact you if there are any question/concerns

Thank you for your patience and understanding. As of this writing, there is still no formal decision as to how school will look in the fall. As soon as there is a decision we will contact you.

Mr. Lannan, Principal

2020/21 Kindergarten Information

- Pre-registration is on-going. This is the first step to begin transitioning to Centre School in the fall. Please pre-register your child – the link is on the Centre School website homepage.
- On the Website you will find a slideshow that is normally presented at our K Information Night. Please take a moment to view this show.
- Next step for us all is the formal on-line registration process. This step is necessary and new to us all! Please be patient as this step is not quite ready. Once up and running, it is at this time that you will fill out all of our important registration documents as well as uploading materials such as proof of residency and proof of a recent physical/immunizations. Our district data clerk, Cheryl Solari, is in the process of finalizing this link and will contact you when it is available to begin. I will also publicize on the website that this link is now available.
- Mid/Late summer, once registration is finalized and we have the ability to access your information, we will share the next step (Orientation).

If you have any questions, please call the school at 926-9706.

Mr. Lannan, Principal
